Where can I e-cycle?

e-cycling in Kankakee Area

Recycling of unused, unwanted computers, monitors, and other electronics is an important step in protecting the environmental quality of the Kankakee area. To properly handle this electronic waste, KRMA has developed two permanent drop off sites, with assistance from a grant issued by the Illinois Department of Commerce and Economic opportunity.

Recycling electronics avoids potential air, water, and land pollution, which can result from disposal in a landfill. Reuse and recycling of e-waste helps to reduce the need for vital resources in the production of new electronics.

The sites are "self-serve", so users will need to collect their e-waste and transport it to one of the drop off locations. Simply place the items to be recycled in the containers or on the skids as directed by the signage at the collection sites.

Accepted electronics include:

All cordless appliances
Blenders
Boom boxes
Calculators
Complete computer systems
DVD Players
FAX Machines
Food processors
Hard drives
Keyboards
Microwaves
Monitors
Peripherals
Printers
Radios
Scanners
Shredders
Televisions
Toasters
Vacuums
VCRs
Word processors

Bring electronic materials to one of the following locations:

Kankakee Public Works
401 W. Oak St.
Kankakee, IL

Bradley Public Works
210 E. Broadway
Bradley, IL
