**RE: Event and Skate Plaza**

Dear Laurie,

After the bid opening on July 19, 2016, and reviewing the bids, Johnson Downs Construction Company is the apparent low bidder for the base bid plus alternate #2.

Piggush Simoneau is the apparent low bidder for base bid plus alternates #1 and #2.

Per our discussion following the bid opening, the Village intends to award base bid and alternates #1 and #2 for \$146,296.00.

The following table identifies the bid results:

<b>Contractor</b>	<b>Base Bid</b>	<b>Alternate 1</b>	<b>Alternate 2</b>
Johnson Downs Construction Co.	\$125,402.24	\$26,542.50	\$2,340.00
<b>Piggush Simoneau</b>	<b>\$128,483.00</b>	<b>\$17,318.00</b>	<b>\$495.00</b>
Ruben E. Smith / R&R Construction	\$131,890.45	\$ 21,460.00	\$ 2,168.00
KVCC - Kankakee Valley Construction Co.	\$175,084.00	\$24,696.00	\$3,360.00

We contacted Piggush Simoneau, Inc's references, and asked the following questions:

*Communications*

1. Were they easy to communicate with?
2. Did they initiate communications when problems arose?
3. Were they good problem solvers, did they want to be involved in the solution?
4. Did they follow standard procedures for RFIs, payout applications, etc?

*Quality*

1. Would you describe their work as detailed oriented?
2. Were there any quality/craftsmanship issues with their or their sub-contractors work?
3. Was any work removed and re-done due to poor quality or non-passing test results?

*Budget/Schedule*

1. Did they initiate a lot of change orders?
2. Was their pricing for Owner requested change orders reasonable?
3. Did they meet the project deadline? If no, why not?

*Miscellaneous*

1. If given the opportunity to hire or recommend them would you?

Our conclusions, after reviewing Piggush Simoneau, Inc's bid and based on their references:

1. It appears that Piggush Simoneau, Inc. has completed many projects that feature good quality construction.
2. It appears that Piggush Simoneau, Inc. has good problem solving skills and is good at coordinating and communicating with all of the involved parties.
3. It appears that Piggush Simoneau, Inc. consistently completes their work on time.

We have reviewed the bid forms and found everything in order. Piggush Simoneau, Inc. has produced reasonable references, and has met the bidding and experience requirements.

Please advise us of your decision so we may prepare the AIA contract document and schedule the pre-construction meeting.

Sincerely,

Laurie,

We support Travis's recommendation to go with Spohn Ranch for the skate components based on the below quotes.

American Ramp Company:	\$53,639.10
Spohn Ranch:	<u>\$45,000</u>
	(difference) 8,639.10

I attached the proposals again for your reference.

Please fill out the paperwork in the attached Spohn Ranch's proposal and send to Spohn Ranch when you are ready to place the order.

The payment schedule on attached PDF indicates 40% upon contracting, 40% due prior to shipping, 20% due within 15 days of completion of Spohn's scope of work.

Are you able to place the skate component order this week?

Let us know if you have any questions.

Thank you,

Andy Howard  
Principal

Dear Chairman Green:

On behalf of the Village of Bourbonnais, let this correspondence serve to respectfully request a review, discussion, and consideration of amendments to the Municipal Joint Sewage Treatment Agency Intergovernmental Agreement (IGA) to better reflect the current apportionments of its corporate authorities.

When KRMA was established certain criteria was used to calculate equitable ownership (and Board of Directors composition), including each participant's contribution toward debt service. Today, almost 30 years later, the dynamics of ownership and debt service liability have significantly changed. For example, the Village of Bourbonnais now owns 30% of the capacity and is responsible for the commensurate debt service. With these changes, the Village of Bourbonnais believes the timing is appropriate to revisit the IGA, including the composition of the Board of Directors, to better reflect these current conditions.

I would welcome the opportunity to discuss this matter further with you. I look forward to this matter being addressed at an appropriate time at the KRMA meeting.

Sincerely,

Paul Schore  
Mayor

**ORDINANCE NO. 16-2024**

**AN ORDINANCE ASCERTAINING THE PREVAILING WAGES FOR PUBLIC  
WORKS OF THE VILLAGE OF BOURBONNAIS, KANKAKEE COUNTY, ILLINOIS**

---

ADOPTED BY THE  
BOARD OF TRUSTEES OF THE  
VILLAGE OF BOURBONNAIS

THIS \_\_\_\_\_ DAY OF \_\_\_\_\_ 2016.

---

Published in pamphlet form by authority of the Board of Trustees of the Village of Bourbonnais,  
Kankakee County, Illinois this \_\_\_\_\_ day of \_\_\_\_\_ 2016.

**ORDINANCE NO. 16-2024**

**AN ORDINANCE ASCERTAINING THE PREVAILING WAGES FOR PUBLIC WORKS OF THE VILLAGE OF BOURBONNAIS, KANKAKEE COUNTY, ILLINOIS**

**WHEREAS**, pursuant to the Prevailing Wage Act (820 ILCS 130/1 et seq.), as supplemented and amended (the “Act”) the President and the Board of Trustees (the “Corporate Authorities”) of the Village of Bourbonnais, Kankakee County, Illinois (the “Village”) during the month of June of each calendar year, are required to investigate and ascertain the “prevailing rate of wages”, in Kankakee County, Illinois, the “Locality” in which physical work upon “Public works” of the Village is to be performed. As used in this Ordinance, all quoted words and terms shall have the meanings as respectively ascribed to them in the Act.

**NOW, THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND THE BOARD OF TRUSTEES OF THE VILLAGE OF BOURBONNAIS, KANKAKEE COUNTY, ILLINOIS, AS FOLLOWS:**

**SECTION ONE:** To the extent and as required by the Act, as supplemented and amended, the general prevailing rate of wages in this locality for laborers, mechanics, and other workers engaged in the construction of public works coming under the jurisdiction of the Village of Bourbonnais is hereby ascertained to be the same as the prevailing rate of wages for construction work in the Kankakee County, Illinois area as determined by the Department of Labor of the State of Illinois (the “Department”) as of June of the current year, a copy of that determination being attached hereto as Exhibit “A” and incorporated herein by reference. The definition of any terms appearing in this Ordinance, which are also used in the aforesaid Act, shall be the same as in said Act.

**SECTION TWO:** Nothing contained in this Ordinance shall be construed or deemed to apply the “prevailing rate of wages” as herein ascertained to any work or employment except the “Construction” of “Public works” of the Village of Bourbonnais to the extent required by the Act.

**SECTION THREE:** The Clerk of the Village of Bourbonnais shall:

- a. publicly post or keep available for inspection by any interested party in the main office of the Village of Bourbonnais this determination or any revisions of such prevailing rate of wages by the Department;
- b. promptly mail a copy of this Ordinance to any employer, to any association of employers and to any person or association of employees who have filed their names and addresses with the Village requesting copies of any determination and stating the particular rates and the particular class of workers whose wages will be affected by such rates;
- c. promptly file a certified copy of this Ordinance with both the Secretary of State Index Division and the Department; and

d. cause to be published in a newspaper of general circulation within the Village, the following notice, to-wit:

NOTICE OF DETERMINATION OF  
PREVAILING WAGE RATE

Public notice is hereby given that the president and the Board of Trustees of the Village of Bourbonnais, Kankakee County, Illinois did adopt an Ordinance entitled:

**AN ORDINANCE ASCERTAINING THE PREVAILING  
WAGES FOR PUBLIC WORKS OF THE VILLAGE OF  
BOURBONNAIS, KANKAKEE COUNTY, ILLINOIS**

A copy of which such ordinance, together with the prevailing rate of wages as determined thereby and attached thereto, is on file in the office of the Village Clerk. Such determination of the prevailing rate of wages is now effective and will be provided to any interested person or entity who requests a copy of such Ordinance.

**SECTION FOUR: Contracts for Public Works.** A copy of this Ordinance or the most recent revision of the “prevailing rate of wages” by the Department shall be attached to all specifications for contracts by the Village of Bourbonnais for the “Construction” of “Public works”. Failure to attach said copy does not allow or justify violation of the Act’s requirements.

**SECTION FIVE:** All existing Ordinances of the Village of Bourbonnais are hereby repealed insofar as they may be consistent with the provisions of this Ordinance.

**SECTION SIX:** This ordinance shall be in full force and effect immediately from and after its passage.

**Explanations****KANKAKEE COUNTY**

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

**EXPLANATION OF CLASSES**

**ASBESTOS - GENERAL** - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

**ASBESTOS - MECHANICAL** - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

**CERAMIC TILE FINISHER, MARBLE FINISHER, AND TERRAZZO FINISHER**

The laying, setting and finishing of all tile where used for floors, walls, ceilings, walks, promenade roofs, stair treads, stair risers, facings, hearths, fireplaces, and decorative inserts, together with any marble plinths, thresholds or window stools used in connection with any tile work; also to prepare and set all concrete, cement, brickwork, or other foundation or materials that may be required to properly set and complete such work; the setting or bedding of all tiling, stone, marble, composition, glass, mosaic, or other materials forming the facing, hearth or fireplace of a mantle, or the mantle complete, together with the setting of all cement, brickwork, or other material required in connection with the above work; also the slabbing and fabrication of tile mantels, counters and tile panels of every description and the erection and installation of same and the building, shaping, forming, construction, or repairing of all fireplace work, whether in connection with the mantle hearth facing or not, and the setting and preparing of all material, such as cement,

plaster, mortar, brickwork, iron work or other materials necessary for the proper and safe construction and completion of such work. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.

#### COMMUNICATIONS TECHNICIAN

Installing, manufacturing, assembling and maintaining sound and intercom, protection alarm (security), fire alarm, master antenna television, closed circuit television, low voltage control for computers and/or door monitoring, school communications systems, telephones and servicing of nurse and emergency calls, and the installation and maintenance of transmit and receive antennas, transmitters, receivers, and associated apparatus which operates in conjunction with above systems. All work associated with these system installations will be included EXCEPT the installation of protective metallic conduit in new construction projects (excluding less than ten-foot, runs strictly for protection of cable) and 120 volt AC (or higher) power wiring and associated hardware.

#### LABORER, SKILLED - BUILDING

The skilled laborer building (BLD) classification shall encompass the following types of work, irrespective of the site of the work: caisson workers plus depth, gunnite nozzle men, lead man on sewer work, welders, cutters, burners and torchmen, chain saw operators, paving breaker, jackhammer and drill operators, layout man and/or drainage tile layer, steel form setters - street and highway, air tamping hammerman, signal man on crane, concrete saw operator, screenman on asphalt pavers, front end man on chip spreader, laborers tending masons with hot materials or where foreign materials are used, multiple concrete duct-leadman, luteman, asphalt raker, curb asphalt machine operator, ready mix scalemen (permanent, portable or temporary plant), laborers handling masterplate or similar materials, laser beam operator, concrete burning machine operator, coring machine operator, plaster tenders, underpinning and shoring of buildings, material selector when working with fire-brick or castable material, fire watch, signaling of all power equipment, and tree topper or trimmer when in connection with construction.

#### LABORER, SKILLED - HIGHWAY

The skilled laborer heavy and highway (HWY) classification shall encompass the following types of work, irrespective of the site of the work: handling of materials treated with oil, creosote, asphalt and/or any foreign materials harmful to skin or clothing, track laborers, chloride handlers, the unloading and loading with steel workers and re-bars, concrete workers (wet), tunnel helpers in free air, batch dumpers, mason tenders, kettle and tar men, plastic installers, scaffold workers, motorized buggies or motorized unit used for wet concrete or handling of building materials, laborers with de-watering systems, sewer workers plus depth, rod and chainmen, vibrator operators, mortar mixer operators, cement silica, clay, fly ash, lime and plasters, handlers (bulk or bag), cofferdam workers plus depth, on concrete paving, placing, cutting and tying or reinforcing, deck hand, dredge hand shore laborers, bankmen on floating plant, asphalt workers with machine, and layers, grade checker, power tools, stripping of all concrete forms excluding paving forms, dumpmen and spotters, when necessary, caisson workers plus depth, gunnite nozzle men, welders, cutters, burners and torchmen, chain saw operators, paving breaker, jackhammer and drill operators, layout man and/or drainage tile layer, steel form setters - street and highway, air tamping hammerman, signal man on crane, concrete saw operator, screedman on asphalt pavers, front end man on chip spreader, multiple

concrete duct, luteman, asphalt raker, curb asphalt machine operator, ready mix scalemen (portable or temporary plant), laser beam operator, concrete burning machine operator, and coring machine operator.

**MATERIAL TESTER I:** Hand coring and drilling for testing of materials; field inspection of uncured concrete and asphalt.

**MATERIAL TESTER II:** Field inspection of welds, structural steel, fireproofing, masonry, soil, facade, reinforcing steel, formwork, cured concrete, and concrete and asphalt batch plants; adjusting proportions of bituminous mixtures.

#### **OPERATING ENGINEER - BUILDING**

**Class 1.** Asphalt Plant; Asphalt Spreader; Autograde; Backhoes with Caisson Attachment; Batch Plant; Benoto (requires Two Engineers); Boiler and Throttle Valve; Caisson Rigs; Central Redi-Mix Plant; Combination Back Hoe Front End-loader Machine; Compressor and Throttle Valve; Concrete Breaker (Truck Mounted); Concrete Conveyor; Concrete Conveyor (Truck Mounted); Concrete Paver Over 27E cu. ft; Concrete Paver 27E cu. ft. and Under; Concrete Placer; Concrete Placing Boom; Concrete Pump (Truck Mounted); Concrete Tower; Cranes, All; Cranes, Hammerhead; Cranes, (GCI and similar Type); Creter Crane; Spider Crane; Crusher, Stone, etc.; Derricks, All; Derricks, Traveling; Formless Curb and Gutter Machine; Grader, Elevating; Grouting Machines; Heavy Duty Self-Propelled Transporter or Prime Mover; Highlift Shovels or Front Endloader 2-1/4 yd. and over; Hoists, Elevators, outside type rack and pinion and similar machines; Hoists, One, Two and Three Drum; Hoists, Two Tugger One Floor; Hydraulic Backhoes; Hydraulic Boom Trucks; Hydro Vac (and similar equipment); Locomotives, All; Motor Patrol; Lubrication Technician; Manipulators; Pile Drivers and Skid Rig; Post Hole Digger; Pre-Stress Machine; Pump Cretes Dual Ram; Pump Cretes: Squeeze Cretes-Screw Type Pumps; Gypsum Bulker and Pump; Raised and Blind Hole Drill; Roto Mill Grinder; Scoops - Tractor Drawn; Slip-Form Paver; Straddle Buggies; Operation of Tie Back Machine; Tournapull; Tractor with Boom and Side Boom; Trenching Machines.

**Class 2.** Boilers; Broom, All Power Propelled; Bulldozers; Concrete Mixer (Two Bag and Over); Conveyor, Portable; Forklift Trucks; Highlift Shovels or Front Endloaders under 2-1/4 yd.; Hoists, Automatic; Hoists, Inside Elevators; Hoists, Sewer Dragging Machine; Hoists, Tugger Single Drum; Laser Screed; Rock Drill (Self-Propelled); Rock Drill (Truck Mounted); Rollers, All; Steam Generators; Tractors, All; Tractor Drawn Vibratory Roller; Winch Trucks with "A" Frame.

**Class 3.** Air Compressor; Combination Small Equipment Operator; Generators; Heaters, Mechanical; Hoists, Inside Elevators (remodeling or renovation work); Hydraulic Power Units (Pile Driving, Extracting, and Drilling); Pumps, over 3" (1 to 3 not to exceed a total of 300 ft.); Low Boys; Pumps, Well Points; Welding Machines (2 through 5); Winches, 4 Small Electric Drill Winches.

**Class 4.** Bobcats and/or other Skid Steer Loaders; Oilers; and Brick Forklift.

**Class 5.** Assistant Craft Foreman.

**Class 6.** Gradall.

**Class 7.** Mechanics; Welders.

#### **OPERATING ENGINEERS - HIGHWAY CONSTRUCTION**

**Class 1. Asphalt Plant; Asphalt Heater and Planer Combination; Asphalt Heater Scarfire; Asphalt Spreader; Autograder/GOMACO or other similar type machines: ABG Paver; Backhoes with Caisson Attachment; Ballast Regulator; Belt Loader; Caisson Rigs; Car Dumper; Central Redi-Mix Plant; Combination Backhoe Front Endloader Machine, (1 cu. yd. Backhoe Bucket or over or with attachments); Concrete Breaker (Truck Mounted); Concrete Conveyor; Concrete Paver over 27E cu. ft.; Concrete Placer; Concrete Tube Float; Cranes, all attachments; Cranes, Tower Cranes of all types: Creter Crane: Spider Crane; Crusher, Stone, etc.; Derricks, All; Derrick Boats; Derricks, Traveling; Dredges; Elevators, Outside type Rack & Pinion and Similar Machines; Formless Curb and Gutter Machine; Grader, Elevating; Grader, Motor Grader, Motor Patrol, Auto Patrol, Form Grader, Pull Grader, Subgrader; Guard Rail Post Driver Truck Mounted; Hoists, One, Two and Three Drum; Heavy Duty Self-Propelled Transporter or Prime Mover; Hydraulic Backhoes; Backhoes with shear attachments up to 40' of boom reach; Lubrication Technician; Manipulators; Mucking Machine; Pile Drivers and Skid Rig; Pre-Stress Machine; Pump Cretes Dual Ram; Rock Drill - Crawler or Skid Rig; Rock Drill - Truck Mounted; Rock/Track Tamper; Roto Mill Grinder; Slip-Form Paver; Snow Melters; Soil Test Drill Rig (Truck Mounted); Straddle Buggies; Hydraulic Telescoping Form (Tunnel); Operation of Tieback Machine; Tractor Drawn Belt Loader; Tractor Drawn Belt Loader (with attached pusher - two engineers); Tractor with Boom; Tractaire with Attachments; Traffic Barrier Transfer Machine; Trenching; Truck Mounted Concrete Pump with Boom; Raised or Blind Hole Drills (Tunnel Shaft); Underground Boring and/or Mining Machines 5 ft. in diameter and over tunnel, etc; Underground Boring and/or Mining Machines under 5 ft. in diameter; Wheel Excavator; Widener (APSCO).**

**Class 2. Batch Plant; Bituminous Mixer; Boiler and Throttle Valve; Bulldozers; Car Loader Trailing Conveyors; Combination Backhoe Front Endloader Machine (Less than 1 cu. yd. Backhoe Bucket or over or with attachments); Compressor and Throttle Valve; Compressor, Common Receiver (3); Concrete Breaker or Hydro Hammer; Concrete Grinding Machine; Concrete Mixer or Paver 7S Series to and including 27 cu. ft.; Concrete Spreader; Concrete Curing Machine, Burlap Machine, Belting Machine and Sealing Machine; Concrete Wheel Saw; Conveyor Muck Cars (Haglund or Similar Type); Drills, All; Finishing Machine - Concrete; Highlift Shovels or Front Endloader; Hoist - Sewer Dragging Machine; Hydraulic Boom Trucks (All Attachments); Hydro-Blaster; Hydro Excavating (excluding hose work); Laser Screed; All Locomotives, Dinky; Off-Road Hauling Units (including articulating) Non Self-Loading Ejection Dump; Pump Cretes: Squeeze Cretes - Screw Type Pumps, Gypsum Bulker and Pump; Roller, Asphalt; Rotary Snow Plows; Rototiller, Seaman, etc., self-propelled; Self-Propelled Compactor; Spreader - Chip - Stone, etc.; Scraper - Single/Twin Engine/Push and Pull; Scraper - Prime Mover in Tandem (Regardless of Size); Tractors pulling attachments, Sheeps Foot, Disc, Compactor, etc.; Tug Boats.**

**Class 3. Boilers; Brooms, All Power Propelled; Cement Supply Tender; Compressor, Common Receiver (2); Concrete Mixer (Two Bag and Over); Conveyor, Portable; Farm-Type Tractors Used for Mowing, Seeding, etc.; Forklift Trucks; Grouting Machine; Hoists, Automatic; Hoists, All Elevators; Hoists, Tugger Single Drum; Jeep Diggers; Low Boys; Pipe Jacking Machines; Post-Hole Digger; Power Saw, Concrete Power Driven; Pug Mills; Rollers, other than Asphalt; Seed and Straw Blower; Steam Generators; Stump Machine; Winch Trucks with "A" Frame; Work Boats; Tamper-Form-Motor Driven.**

**Class 4. Air Compressor; Combination - Small Equipment Operator; Directional Boring Machine; Generators; Heaters, Mechanical; Hydraulic Power Unit (Pile Driving, Extracting, or Drilling); Light Plants, All (1 through 5); Pumps, over 3" (1 to 3 not to exceed a total of 300 ft.); Pumps, Well Points; Vacuum Trucks (excluding hose work); Welding**

Machines (2 through 5); Winches, 4 Small Electric Drill Winches.

Class 5. SkidSteer Loader (all); Brick Forklifts; Oilers.

Class 6. Field Mechanics and Field Welders

Class 7. Dowell Machine with Air Compressor; Gradall and machines of like nature.

**SURVEY WORKER** - Operated survey equipment including data collectors, G.P.S. and robotic instruments, as well as conventional levels and transits.

**TRUCK DRIVER - BUILDING, HEAVY AND HIGHWAY CONSTRUCTION**

Class 1. Two or three Axle Trucks. A-frame Truck when used for transportation purposes; Air Compressors and Welding Machines, including those pulled by cars, pick-up trucks and tractors; Ambulances; Batch Gate Lockers; Batch Hopperman; Car and Truck Washers; Carry-alls; Fork Lifts and Hoisters; Helpers; Mechanics Helpers and Greasers; Oil Distributors 2-man operation; Pavement Breakers; Pole Trailer, up to 40 feet; Power Mower Tractors; Self-propelled Chip Spreader; Skipman; Slurry Trucks, 2-man operation; Slurry Truck Conveyor Operation, 2 or 3 man; Teamsters; Unskilled dumpman; and Truck Drivers hauling warning lights, barricades, and portable toilets on the job site.

Class 2. Four axle trucks; Dump Crets and Adgetors under 7 yards; Dumpsters, Track Trucks, Euclids, Hug Bottom Dump Turnapulls or Turntrailers when pulling other than self-loading equipment or similar equipment under 16 cubic yards; Mixer Trucks under 7 yards; Ready-mix Plant Hopper Operator, and Winch Trucks, 2 Axles.

Class 3. Five axle trucks; Dump Crets and Adgetors 7 yards and over; Dumpsters, Track Trucks, Euclids, Hug Bottom Dump Turntrailers or turnapulls when pulling other than self-loading equipment or similar equipment over 16 cubic yards; Explosives and/or Fission Material Trucks; Mixer Trucks 7 yards or over; Mobile Cranes while in transit; Oil Distributors, 1-man operation; Pole Trailer, over 40 feet; Pole and Expandable Trailers hauling material over 50 feet long; Slurry trucks, 1-man operation; Winch trucks, 3 axles or more; Mechanic--Truck Welder and Truck Painter.

Class 4. Six axle trucks; Dual-purpose vehicles, such as mounted crane trucks with hoist and accessories; Foreman; Master Mechanic; Self-loading equipment like P.B. and trucks with scoops on the front.

#### Other Classifications of Work:

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If a task to be performed is not subject to one of the classifications of pay set out, the Department will upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. If no neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 217-782-1710 for wage rates or clarifications.

#### LANDSCAPING

Landscaping work falls under the existing classifications for laborer,

operating engineer and truck driver. The work performed by landscape plantsman and landscape laborer is covered by the existing classification of laborer. The work performed by landscape operators (regardless of equipment used or its size) is covered by the classifications of operating engineer. The work performed by landscape truck drivers (regardless of size of truck driven) is covered by the classifications of truck driver.

Published in pamphlet form by authority of the Board of Trustees of the Village of  
Bourbonnais, Kankakee County, Illinois this \_\_\_\_ day of \_\_\_\_\_, 2016.

**RESOLUTION NO. 16-1250**

**A RESOLUTION AUTHORIZING AND APPROVING AN AGREEMENT AND RISK DISCLOSURES BETWEEN BERNARDI SECURITIES AND THE VILLAGE OF BOURBONNAIS CONCERNING UNDERWRITING SERVICES.**

**WHEREAS**, the Village of Bourbonnais, Kankakee County, Illinois (the “*Issuer*”), a non-home-rule Illinois municipal corporation, is a duly organized and existing municipality incorporated and existing under the provisions of the laws of the State of Illinois, and is now operating under the provisions of the Illinois Municipal Code, as amended; and

**WHEREAS**, there has been presented to and there is now before the meeting of the President and the Board of Trustees, (the “Corporate Authorities”), the form of an Engagement Agreement (the “Agreement”) between the Issuer and Bernadi Securities, marked as Exhibit “A” and attached hereto and made part hereof; and

**WHEREAS**, there has been presented to and there is now before the meeting of the President and the Board of Trustees, (the “Corporate Authorities”), the form of a document entitled “Risk Disclosures Pursuant To MSRB Rule G-7” (the “Risk Disclosures”) between the Issuer and Bernadi Securities, marked as Exhibit “B” and attached hereto and made part hereof; and

**WHEREAS**, the Corporate Authorities of the Issuer are authorized at 65 ILCS 5/8-1-1 to control the finances of the corporation; and

**WHEREAS**, the Village is authorized to enter these agreements by virtue of the provisions of Article VII, Section 10 of the Illinois Constitution which permits units of local government to contract with individuals, associations or corporations in any manner not prohibited by law or by ordinance; and

**WHEREAS**, the Securities and Exchange Commission has adopted certain policies and procedures related to and concerning the issuance of municipal bonds; and

**WHEREAS**, the Issuer needs to authorize an engagement letter with an underwriter for services related to the issuance of municipal bonds; and

**WHEREAS**, the President and Board of Trustees of the Issuer (the “*Corporate Authorities*”) hereby find and determine that it is advisable, necessary and in the best interests of the Village to have Bernardi Securities structure and underwrite General Obligation Bonds (Alternate Revenue Source), Series 2016 and General Obligation Bonds (Alternate Revenue Source), Series 2017 (collectively the “Bonds”) on behalf of Village of Bourbonnais, Kankakee County, Illinois (the “Issuer”) for the purpose of financing various capital projects, refinancing Sewerage Refunding Revenue Bonds, Series 2006 and paying for the costs of issuance associated with the Bonds; and

**WHEREAS**, The Finance Director has reviewed the Agreement and the Risk Disclosures and recommends that they both be approved and authorized, and;

**WHEREAS**, the Corporate Authorities of the Village find and determine that it is reasonable and necessary to accept and approve the attached agreement and the attached Risk Disclosures by allowing the execution of and by authorizing the agreement and Risk Disclosures in substantially the same form as attached hereto as Exhibit “A” and Exhibit “B”.

**NOW, THEREFORE, BE IT RESOLVED BY THE PRESIDENT AND THE BOARD OF TRUSTEES OF THE VILLAGE OF BOURBONNAIS, KANKAKEE COUNTY, ILLINOIS, AS FOLLOWS:**

**SECTION ONE:** The corporate authorities of the Village hereby find that all of the recitals contained in the preamble to this Resolution are true, correct and complete, and are hereby incorporated by reference hereto and made part hereof as if fully set forth in this Section One.

SECTION TWO: The Village President and Clerk are hereby authorized and directed to execute the “Agreement” and the “Risk Disclosures” in substantially the same form as are attached hereto.

SECTION THREE: Should any provision or section of this Resolution be declared invalid by any Court of competent jurisdiction, such declaration shall not affect the validity of this Resolution as a whole or any part hereof other than the part so declared to be invalid.

SECTION FOUR: The Village President is hereby authorized to perform a search for a Bond Counsel to proceed with the issuance of the Bonds anticipated herein.

SECTION FIVE: This Resolution shall be in full force and effect immediately upon passage.

MUNICIPAL BOND SPECIALISTS

Mr. Paul Schore, Mayor  
Village of Bourbonnais  
600 Main Street N.W.  
Bourbonnais, Illinois 60914

Date: August 1, 2016

Dear Mayor Schore:

Bernardi Securities, Inc., acting as Underwriter (the "Underwriter"), anticipates structuring and underwriting General Obligation Bonds (Alternate Revenue Source), Series 2016 and General Obligation Bonds (Alternate Revenue Source), Series 2017 (collectively the "Bonds") on behalf of Village of Bourbonnais, Kankakee County, Illinois (the "Issuer") for the purpose of financing various capital projects, refinancing Sewerage Refunding Revenue Bonds, Series 2006 and paying for the costs of issuance associated with the Bonds.

This contract will serve as the Underwriter's authorization to structure and underwrite the Bonds. At such time as the Issuer has approved all of the documents and proceedings related to the issuance of the Bonds, the Underwriter will be expected to submit a detailed purchase agreement to the Issuer for execution that includes, among other things, final interest rates, dated date, principal maturity dates, interest payment dates, and other closing documents for issuing the Bonds.

All costs of issuance are to be paid from Bond proceeds and, as applicable, other funds. These costs include but are not limited to: legal fees, trustee fees, if any, paying agent / bond registrar fees, book-entry setup charges, closing costs, escrow verification fees, if any, escrow agent fees, if any, CUSIP costs, and any rating and bond insurance fees. Bernardi Securities, Inc.'s underwriting fee will also be paid from a percentage of Bond proceeds, which is the combination of the par amount of the Bonds and premium, if applicable. Based on this understanding, our fee shall not exceed 1.10%.

The rules of the Municipal Securities Rulemaking Board require the Underwriter to inform you that compensation that is contingent on the closing of a transaction or the size of a transaction presents a conflict of interest. While this form of compensation is customary in the municipal securities market, it may cause the Underwriter to recommend an offering that is unnecessary or to recommend the size of the proposed offering be larger than necessary.

In recent years, Congress has enacted legislation seeking to reform financial markets in the wake of the 2008-2009 financial crisis. One of the most prominent pieces of legislation is the Dodd-Frank Wall Street Reform and Consumer Protection Act. The implementation of Dodd-Frank has led to a series of regulatory changes governing municipal securities.

The 2011 amendments to Rule G-23 of the Municipal Securities Rulemaking Board (MSRB) and 2012 interpretative guidance under MSRB Rule G-17 require Bernardi Securities, Inc. to define its role at the earliest stages of our relationship with you for this issue.

Bernardi Securities, Inc. will only serve as an underwriter. As an underwriter, we will be acting as a principal in a commercial, arms' length transaction, and not as a municipal advisor, financial advisor, or fiduciary. At the Issuer's request, Bernardi Securities, Inc. may provide incidental services, including advice as to the structure, timing, terms and other matters concerning the issuance of the Bonds. Please note the Bernardi Securities, Inc. would be providing such services in its capacity as underwriter and not as a financial advisor to the Issuer.

As an underwriter, our purchase of the Bonds will be with a view to distribute the Bonds to investors. It is important for you to understand that, in this role, Bernardi Securities, Inc. has financial and other interests that may differ from yours.

MSRB Rule G-17 requires us to deal fairly at all times with both municipal issuers and investors. Our duty to purchase the Bonds from the Issuer at fair and reasonable prices is balanced with our duty to sell the Bonds to investors at fair and reasonable prices.

Bernardi Securities, Inc. will review the Issuer's official statement for the Bonds in accordance with, and as part of, our responsibilities to investors under federal securities laws, as applied to the facts and circumstances of this transaction.

As with any Bond issue, your obligation to pay principal and interest will be an obligation that will require you to make these payments no matter what budget constraints you encounter. Furthermore, to the extent that you agree in the Bond issue to rate covenants, additional bond tests or other financial covenants, these may constrain your ability to operate and to issue additional debt and, if you do not comply with these covenants, they can result in a failure to perform with respect to the Bond issue.

If the Bonds are issued as tax-exempt or tax-advantaged obligations, this requires that you comply with various federal tax law requirements and restrictions relating to how you use and invest the proceeds of the Bonds, how you use any facilities constructed or improved with proceeds of the Bonds and other restrictions throughout the term of the Bonds. These requirements and restrictions may constrain how you operate the financed facilities and may preclude you from capitalizing on certain opportunities. Further, violation of these requirements and restrictions can result in a loss of the tax-exempt or tax-advantaged status of the Bonds, and may cause you to become liable to the Internal Revenue Service and to the owners of the Bonds. In addition, in the event of an audit of the Bonds by the IRS, obtaining an independent review of IRS positions with which you legitimately disagree is difficult and may not be practicable.

Bernardi Securities, Inc. is a full service securities firm and as such Bernardi Securities, Inc. and its affiliates may from time to time provide brokerage and other services and products to municipalities, other institutions, and individuals, including the Issuer, certain Issuer officials and employees, and potential purchasers of the Bonds. If these services are rendered, Bernardi Securities, Inc. may receive customary compensation, however, such services are not related to the proposed offering of the Bonds.

In the ordinary course of fixed income trading business, Bernardi Securities, Inc. may purchase, sell, or hold a broad array of investments and may actively trade securities and other financial instruments, including the Bonds and other municipal bonds, for its own account and for the accounts of customers, including its employees and their family members, where Bernardi Securities, Inc. may receive a mark-up or mark-down. Such investments and trading activities may involve or relate to the offering or other assets, securities and/or instruments of the Issuer and/or persons and entities with relationships with the Issuer.

Bernardi Securities, Inc. has not identified any additional potential or actual material conflicts that require disclosure to you. If potential or actual conflicts arise in the future, we will provide you with supplemental disclosures about them.

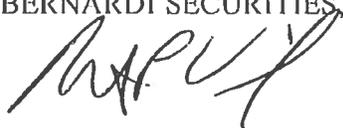

The designation of Bernardi Securities, Inc. as underwriter applies solely to this issue. We encourage you to consult with your own legal, accounting, tax, financial and other advisors, as applicable, to the extent you deem appropriate.

Accompanying this letter is a risk disclosure document describing financial characteristics and security structures of fixed rate municipal bonds as well as a general description of certain financial risks pursuant to MSRB Rule G-17.

If there is any aspect of the foregoing disclosures that requires further clarification, please do not hesitate to contact us. We understand that you have the authority to bind the Issuer by contract with us, and that you are not a party to any conflict of interest relating to the proposed Bond offering.

The Issuer understands the primary contacts for this process will be Robert P. Vail and John E. Balzano.

## RISK DISCLOSURES PURSUANT TO MSRB RULE G-17

### FIXED RATE BONDS (THAT ARE NOT “COMPLEX MUNICIPAL SECURITIES FINANCINGS”)

The following is a general description of the financial characteristics and security structures of fixed rate municipal bonds (“*Fixed Rate Bonds*”), as well as a general description of certain financial risks that are known to us and reasonably foreseeable at this time and that you should consider before deciding whether to issue Fixed Rate Bonds. If you have any questions or concerns about these disclosures, please make those questions or concerns known immediately to us. In addition, you should consult with your financial and/or municipal, legal, accounting, tax and other advisors, as applicable, to the extent you deem appropriate.

#### FINANCIAL CHARACTERISTICS

***Maturity and Interest.*** Fixed Rate Bonds are interest-bearing debt securities issued by state and local governments, political subdivisions and agencies and authorities. Maturity dates for Fixed Rate Bonds are fixed at the time of issuance and may include serial maturities (specified principal amounts are payable on the same date in each year until final maturity) or one or more term maturities (specified principal amounts are payable on each term maturity date) or a combination of serial and term maturities. The final maturity date typically will range between 10 and 30 years from the date of issuance. Interest on the Fixed Rate Bonds typically is paid semiannually at a stated fixed rate or rates for each maturity date.

***Redemption.*** Fixed Rate Bonds may be subject to optional redemption, which allows you, at your option, to redeem some or all of the bonds on a date prior to scheduled maturity, such as in connection with the issuance of refunding bonds to take advantage of lower interest rates. Fixed Rate Bonds will be subject to optional redemption only after the passage of a specified period of time, often approximately ten years from the date of issuance, and upon payment of the redemption price set forth in the bonds, which may include a redemption premium. You will be required to send out a notice of optional redemption to the holders of the bonds, usually not less than 30 days prior to the redemption date. Fixed Rate Bonds with term

maturity dates also may be subject to mandatory sinking fund redemption, which requires you to redeem specified principal amounts of the bonds annually in advance of the term maturity date. The mandatory sinking fund redemption price is 100% of the principal amount of the bonds to be redeemed.

## SECURITY

Payment of principal of and interest on a municipal security, including Fixed Rate Bonds, may be backed by various types of pledges and forms of security, some of which are described below. The description below regarding “Security” is only a brief summary of certain possible security provisions for the bonds and is not intended as legal advice. You should consult with your bond counsel for further information regarding the security for the bonds.

**General Obligation Bonds.** “General obligation bonds” are debt securities to which your full faith and credit is pledged to pay principal and interest. If you have taxing power, generally you will pledge to use your ad valorem (property) taxing power to pay principal and interest. All taxable property in the taxing body is subject to the levy of taxes to pay the same without limitation as to rate or amount. The term “limited” tax is used when a limit exists as to the amount of the tax (see below).

General obligation bonds constitute a debt and, depending on applicable state law, may require that you obtain approval by voters prior to issuance. In the event of default in required payments of interest or principal, the holders of general obligation bonds have certain rights under state law to compel you to impose a tax levy.

**Limited Bonds.** Taxing bodies, subject to the Property Tax Extension Limitation Law of the State of Illinois, as amended (the “*Extension Limitation Law*”), can issue limited bonds. Limited bonds are issued in lieu of general obligation bonds that otherwise have been authorized by applicable law. They are payable from a separate property tax levy that is unlimited as to rate, but the amount of taxes that will be extended to pay the bonds is limited by the Extension Limitation Law. Limited bonds are payable from your debt service extension base (*the “Base”*), which is an amount equal to that portion of the extension for the applicable levy year for the payment of non-referendum bonds (other than alternate bonds or refunding bonds issued to refund bonds initially issued pursuant to referendum), increased each year, beginning with the 2009 levy year, by the lesser of 5% or the percentage in the Consumer Price Index for All Urban Consumers (as defined in the Extension Limitation Law) during the 12-month calendar year preceding the levy year. The Limitation Law further provides that the annual amount of taxes to be extended to pay the limited bonds and all other limited bonds heretofore and hereafter issued by you shall not exceed the Base less the amount extended to pay certain other non-referendum bonds heretofore and hereafter issued by you and bonds issued to refund such bonds.

Limited bonds constitute a debt. In the event of default in required payments of interest or principal, the holders of limited bonds have certain rights under state law to compel you to impose a tax levy (limited as set forth in the previous paragraph).

***Alternate Bonds.*** Section 15 of the Local Government Debt Reform Act of the State of Illinois, as amended (the “*Debt Reform Act*”), permits you to issue alternate or “double-barrelled” bonds. Alternate bonds are general obligation bonds payable from enterprise revenues or from a revenue source, or both, with your general obligation acting as backup security for the bonds. Once issued, and until paid or defeased, alternate bonds are a general obligation, for the payment of which you pledge your full faith and credit. Such bonds are payable from the levy of ad valorem property taxes upon all taxable property in your taxing body without limitation as to rate or amount. The intent of the Debt Reform Act is for the enterprise revenues or the revenue source to be sufficient to pay the debt service on the alternate bonds so that taxes need not be levied, or, if levied, need not be extended, for such payment.

The Debt Reform Act prescribes several conditions that must be met before alternate bonds may be issued. First, alternate bonds must be issued for a lawful corporate purpose. If issued in lieu of revenue bonds (as described below), then the revenue bonds must have been authorized under applicable law (including satisfying any backdoor referendum requirements) and the alternate bonds must be issued for the purpose for which the revenue bonds were authorized. If issued payable from a revenue source limited in its purposes or applications, then the alternate bonds must be issued only for such limited purposes or applications.

Second, alternate bonds are subject to a backdoor referendum. The issuance of alternate bonds must be submitted to referendum if, within 30 days after publication of the authorizing ordinance and notice of intent to issue the alternate bonds, a petition is filed. The petition must be signed by the greater of (i) 7.5% of your registered voters or (ii) the lesser of 200 of the registered voters or 15% of the registered voters, asking that the issuance of the alternate bonds be submitted to referendum. Backdoor referendum proceedings for revenue bonds and for alternate bonds to be issued in lieu of revenue bonds may be conducted at the same time.

Notwithstanding the previous paragraph, in governmental units with fewer than 500,000 inhabitants that propose to issue alternate bonds payable solely from enterprise revenues, except for alternate bonds that finance or refinance projects concerning public utilities, public streets and roads or public safety facilities and related infrastructure and equipment, if no petition is filed within 45 days of publication of the authorizing ordinance and notice, the alternate bonds may be issued. For purposes of this paragraph, the required number of petitioners for a governmental unit with more than 4,000 registered voters is the lesser of (i) 5% of the registered voters or (ii) 5,000 registered voters and the required number of petitioners for a governmental unit with 4,000 or fewer registered voters is the lesser of (i) 15% of the registered voters or (ii) 200 registered voters.

Third, you must demonstrate that the enterprise revenues are, or that the revenue source is, sufficient to meet the requirements of the Debt Reform Act. If enterprise revenues are pledged as security for the alternate bonds, you must demonstrate that such revenues are sufficient in each year to pay all of the following:

- (a) costs of operation and maintenance of the utility or enterprise, excluding depreciation;

(b) debt service on all outstanding revenue bonds payable from such enterprise revenues;

(c) all amounts required to meet any fund or account requirements with respect to such outstanding revenue bonds;

(d) other contractual or tort liability obligations, if any, payable from such enterprise revenues; and

(e) in each year, an amount not less than 1.25 times debt service on all:

(i) outstanding alternate bonds payable from such enterprise revenues; and

(ii) the alternate bonds proposed to be issued.

If one or more revenue sources are pledged as security for the alternate bonds, you must demonstrate that such revenue sources are sufficient in each year to provide not less than 1.25 times (1.10 times if the revenue source is a government revenue source) debt service on all outstanding alternate bonds payable from such revenue source and on the alternate bonds proposed to be issued. You need not meet the test described in this paragraph for the amount of debt service set aside at closing from bond proceeds or other moneys.

The determination of the sufficiency of enterprise revenues or revenue source or sources, as applicable, must be supported by reference to the most recent audit of the governmental unit, which must be for a fiscal year ending not earlier than 18 months previous to the time of issuance of the alternate bonds. If such audit does not adequately show such enterprise revenues or revenue source, as applicable, or if such enterprise revenues or revenue source, as applicable, are shown to be insufficient, then the determination of sufficiency must be supported by the report of an independent accountant or feasibility analyst, the latter having a national reputation for expertise in such matters, who is not otherwise involved in the project being financed or refinanced with the proceeds of the alternate bonds, demonstrating the sufficiency of such revenues and explaining, if appropriate, by what means the revenues will be greater than as shown in the audit.

Alternate bonds may be issued to refund alternate bonds without meeting any of the conditions set forth above if the term of the refunding bonds is not longer than the term of the refunded bonds and that the debt service payable in any year on the refunding bonds does not exceed the debt service payable in such year on the refunded bonds.

Alternate bonds are not regarded or included in any computation of indebtedness for the purpose of any statutory provision or limitation unless taxes, other than a designated revenue source, are extended to pay the bonds. In the event taxes are extended, the amount of alternate bonds then outstanding counts against your debt limit until your audit shows that the alternate bonds have been paid from the pledged enterprise revenues or revenue source for a complete fiscal year.

In the event of default in required payments of interest or principal, the holders of alternate bonds have certain rights under state law to compel you to increase the pledged revenues or have the tax levy extended for such payment.

***Debt Certificates.*** You may issue “debt certificates” to evidence your payment obligation under an installment contract or lease. Your governing body may provide for the treasurer, comptroller, finance officer or other officer of the governing body charged with financial administration to act as counterparty to the installment contract or lease, as nominee-seller or lessor. The installment contract or lease is then executed by your authorized officer and is filed with and executed by the nominee-seller or lessor. As contracts for the acquisition and construction of the project to be financed are executed (the “*Work Contracts*”), the governing body orders those Work Contracts to be filed with the nominee-seller or lessor. The nominee-seller or lessor identifies the Work Contracts to the particular installment contract or lease. Such identification permits the payment of the Work Contracts from the proceeds of the debt certificates.

Debt certificates are paid from your lawfully available funds. You are expected to agree to annually budget/appropriate amounts to pay the principal of and interest on the debt certificates. There is no separate levy available for the purpose of making such payments.

Debt certificates constitute a debt. In the event of default in required payments of interest or principal, the holders of the debt certificates cannot compel you to impose a tax levy, but you have promised the holders of the debt certificates that you will pay the debt certificates and they can proceed to file suit to enforce such promise.

***Special Service Area Bonds.*** When special services are provided to a particular contiguous area within a municipality, in addition to the services generally provided throughout the municipality, a municipality may create a special service area. The cost of the special services may be paid from taxes levied upon the taxable real property within the area, and such taxes may be levied in the special service area at a rate or amount sufficient to produce revenues required to provide the special services.

Prior to the first levy of taxes in the special service area and prior to or within 60 days after the adoption of the ordinance proposing the establishment of the special service area, you are required to hold a public hearing and to publish and mail notice of such hearing. At the public hearing, any interested person may file written objections or give oral statements with respect to the establishment of the special service area and the levy of taxes therein. As a result of the hearing, you may delete areas from the special service area as long as the remaining area is contiguous. After the hearing, an ordinance establishing the special service area must be timely filed with the county recorder and the county clerk.

Bonds secured by the full faith and credit of the special service area territory may be issued for the purpose of providing special services. Such bonds are paid from the levy of taxes unlimited as to rate or amount against the taxable real property in the special service area. The county clerk will annually extend taxes against all of the taxable real property in the area in

amounts sufficient to pay the principal and interest on the bonds. Such bonds are exempt from the Extension Limitation Law of the State of Illinois, as amended.

Prior to the issuance of special service area bonds, you must give published and mailed notice and hold a hearing at which any interested person may file written objections, or be heard orally, with respect to the issuance of the bonds. The questions of the creation of the special service area, the levy of a tax on such area and the issuance of special service area bonds may all be considered at the same hearing.

The creation of the special service area, the levy of a tax within the area and the issuance of bonds for the provision of special services to the area are subject to a petition process. If, within 60 days after the public hearing, a petition signed by not less than 51% of the electors residing within the special service area and 51% of the owners of record of land located within the special service area is filed with the municipal clerk objecting to the creation of the special service area, the levy of a tax or the issuance of bonds, then the area may not be created, the tax may not be levied and the bonds may not be issued. If such a petition is filed, the subject matter of the petition may not be proposed relative to any of the signatories within the next two years.

Special service area bonds do not constitute an indebtedness of the municipality, and no exercise of your taxing power may be compelled on behalf of the special service area bondholders other than the ad valorem property taxes to be extended on the taxable real property in the special service area.

**Revenue Bonds.** “Revenue bonds” are debt securities that are payable only from a specific source or sources of revenues. Revenue bonds are not a pledge of your full faith and credit and you are obligated to pay principal and interest on your revenue bonds only from the revenue source(s) specifically pledged to the bonds. Revenue bonds do not permit the bondholders to compel you to impose a tax levy for payment of debt service. Pledged revenues may be derived from operation of the financed project or system, grants or excise or other specified taxes. Generally, subject to state law or local charter requirements, you are not required to obtain voter approval prior to issuance of revenue bonds. Revenue bonds may, however, be subject to a backdoor referendum. If the specified source(s) of revenue become inadequate, a default in payment of principal or interest may occur. Various types of pledges of revenue may be used to secure interest and principal payments on revenue bonds. The nature of these pledges may differ widely based on state law, the type of issuer, the type of revenue stream and other factors.

Some revenue bonds, referred to as conduit revenue bonds, may be issued by a governmental issuer acting as conduit for the benefit of a private sector entity or a 501(c)(3) organization (the obligor). Conduit revenue bonds commonly are issued for not-for-profit hospitals, educational institutions, single and multi-family housing, airports, industrial or economic development projects, and student loan programs, among other obligors. Principal and interest on conduit revenue bonds normally are paid exclusively from revenues pledged by the obligor. Unless otherwise specified under the terms of the bonds, you are not required to make payments of principal or interest if the obligor defaults.

***Tax Increment Financing.*** Tax increment financing provides a means for municipalities, after the approval of a “redevelopment plan and project,” to redevelop blighted, conservation or industrial park conservation areas. The Tax Increment Allocation Redevelopment Act of the State of Illinois, as amended, allows incremental property taxes to be used to pay certain redevelopment project costs and to pay debt service with respect to tax increment bonds issued to pay redevelopment project costs. The municipality is authorized to issue tax increment bonds payable from, and secured by, incremental property tax revenues expected to be generated in the redevelopment project area. Incremental property tax revenues are derived from the increase in the current equalized assessed valuation of the real property within the redevelopment project area over and above the certified initial equalized assessed valuation for such redevelopment project area.

Before adopting the necessary ordinances to designate a redevelopment project area, a municipality must hold a public hearing and convene a joint review board to consider the proposal. At the public hearing, any interested person or taxing district may file written objections and may give oral statements with respect to the proposed financing. After the municipality has considered all comments made by the public and the joint review board, it may adopt the necessary ordinances to designate a redevelopment project area.

Tax increment bonds may be secured by the full faith and credit of the municipality. The issuance of general obligation tax increment bonds is subject to a “backdoor,” rather than a direct, referendum. Once a municipality has authorized the issuance of tax increment obligations secured by its full faith and credit, the ordinance authorizing the issuance must be published in a newspaper of general circulation in the municipality. In response, voters may petition to request that the question of issuing obligations using the full faith and credit of the municipality as security to pay for redevelopment project costs be submitted to the electors of the municipality. If, within 30 days after the publication, 10% of the registered voters of the municipality sign such a petition, the question of whether to issue tax increment bonds secured by the municipality’s full faith and credit must be approved by the voters pursuant to referendum. Such bonds are not exempt from the Extension Limitation Law unless first approved at referendum.

Tax increment revenues may also be treated as a “revenue source” and be pledged to the payment of alternate bonds under Section 15 of the Debt Reform Act.

## **FINANCIAL RISK CONSIDERATIONS**

Certain risks may arise in connection with your issuance of Fixed Rate Bonds, including some or all of the following (generally, the obligor, rather than you, will bear these risks for conduit revenue bonds):

***Issuer Default Risk.*** You may be in default if the funds pledged to secure your bonds are not sufficient to pay debt service on the bonds when due. The consequences of a default may be serious for you and, depending on applicable state law and the terms of the authorizing documents, the holders of the bonds, the trustee and any credit support provider may be able to exercise a range of available remedies against you. For example, if the bonds are secured by a general obligation pledge, you may be ordered by a court to

raise taxes. Other budgetary adjustments also may be necessary to enable you to provide sufficient funds to pay debt service on the bonds. If the bonds are revenue bonds or alternate bonds, you may be required to take steps to increase the available revenues that are pledged as security for the bonds. A default may negatively impact your credit ratings and may effectively limit your ability to publicly offer bonds or other securities at market interest rate levels. Further, if you are unable to provide sufficient funds to remedy the default, subject to applicable state law and the terms of the authorizing documents, you may find it necessary to consider available alternatives under state law, including (for some issuers) state-mandated receivership or bankruptcy. A default also may occur if you are unable to comply with covenants or other provisions agreed to in connection with the issuance of the bonds.

This description is only a brief summary of issues relating to defaults and is not intended as legal advice. You should consult with your bond counsel for further information regarding defaults and remedies.

***Redemption Risk.*** Your ability to redeem the bonds prior to maturity may be limited, depending on the terms of any optional redemption provisions. In the event that interest rates decline, you may be unable to take advantage of the lower interest rates to reduce debt service.

***Refinancing Risk.*** If your financing plan contemplates refinancing some or all of the bonds at maturity (for example, if you have term maturities or if you choose a shorter final maturity than might otherwise be permitted under the applicable federal tax rules), market conditions or changes in law may limit or prevent you from refinancing those bonds when required. Further, limitations in the federal tax rules on advance refunding of bonds (an advance refunding of bonds occurs when tax-exempt bonds are refunded more than 90 days prior to the date on which those bonds may be retired) may restrict your ability to refund the bonds to take advantage of lower interest rates.

***Reinvestment Risk.*** You may have proceeds of the bonds to invest prior to the time that you are able to spend those proceeds for the authorized purpose. Depending on market conditions, you may not be able to invest those proceeds at or near the rate of interest that you are paying on the bonds, which is referred to as “negative arbitrage.”

***Tax Compliance Risk.*** The issuance of tax-exempt bonds is subject to a number of requirements under the United States Internal Revenue Code, as enforced by the Internal Revenue Service (IRS). You must take certain steps and make certain representations prior to the issuance of tax-exempt bonds. You also must covenant to take certain additional actions after issuance of the tax-exempt bonds. A breach of your representations or your failure to comply with certain tax-related covenants may cause the interest on the bonds to become taxable retroactively to the date of issuance of the bonds, which may result in an increase in the interest rate that you pay on the bonds or the mandatory redemption of the bonds. The IRS also may audit you or your bonds, in some cases on a random basis and in other cases targeted to specific types of bond issues or tax concerns. If the bonds are declared taxable, or if you are subject to audit, the

market price of your bonds may be adversely affected. Further, your ability to issue other tax-exempt bonds also may be limited.

This description of tax compliance risks is not intended as legal advice and you should consult with your bond counsel regarding tax implications of issuing the bonds.

**PROCLAMATION HONORING BRADLEY-BOURBONNAIS  
COMMUNITY HIGH SCHOOL MUSIC DEPARTMENT**

**Proclamation No. 16-296**

**WHEREAS**, the Corporate Authorities of the Village of Bourbonnais are pleased to recognize and honor the Bradley-Bourbonnais Community High School (BBCHS) Music Department for its many years of success in State level competition and fostering a culture of pride, discipline, and achievement among its musical students; and,

**WHEREAS**, over the past 28 years, the BBCHS Music Department's tenacious determination and commitment to excellence has resulted in annual State awards and recognition including:

- Winning 5 State Championships in the past 10 years, including 2010, 2011, 2012, 2013, and 2016; and,
- Winning the 2015 – 2016 IHSA Class AA Music Sweepstakes Championship accumulating a school record 1,017 points, including 1<sup>st</sup> Place in Solo & Ensemble; and,
- Placing in the TOP 5 Statewide for the past 10 consecutive years; and,

**WHEREAS**, the 2015 – 2016 Band is comprised of over 400 students whose lives have been positively impacted by their experience in learning that hard work, dedication, and teamwork results in great success; and,

**WHEREAS**, the Village recognizes that strong, passionate, and committed leadership is essential for long term success of a program and improving the lives of students. The BBCHS Music staff emulates these qualities. Their commitment consistently shows and is an inspiration to all those whose careers are in education and learning. The Village wishes to individually recognize the Music Department staff for their work:

Bill Dych, Band Director/Department Chair  
Kevin McNulty, Orchestra Director  
Cheryl King, Choral Director  
Chris Lord, Assistant Choral Director  
Cindy Altenberger, Percussion Instructor

**NOW THEREFORE BE IT RESOLVED**, that, We, the Corporate Authorities of the Village of Bourbonnais, and on behalf of the citizens of the Village of Bourbonnais, hereby recognize the BBCHS Music Department and its students for their achievements on this 1<sup>st</sup> day of August, 2016.

Proclaimed this \_\_\_\_ day of \_\_\_\_\_, 2016.

Paul Schore, Mayor

ATTEST:

\_\_\_\_\_  
Brian Simeur, Village Clerk

PASSED and adopted this \_\_\_\_ day of \_\_\_\_\_, 2016.

**JAMES A. PHELPS**  
CHIEF OF POLICE

## **Letter of Commendation**

**07/22/16**

I, James Phelps Chief of Police, Mayor Paul Schore, and the entire Village Board of Trustees, do hereby proudly commend:

### **Sergeant Scott Kendregan**

In recognition of your outstanding efforts on July 20, 2016, to alert and assist the residents of 467 Kathy Drive out of their burning residence, which was quickly filling with smoke, without regard for your own personal safety.

Your commitment to duty and selfless service to our community is to be commended! You went above and beyond to fulfill your commitment of "To Protect and Serve."

**Keep up the great work!**
