COMMUNITY CAMPUS PLAN

The Village of Bourbonnais is currently making efforts to promote new activity and vitality within its central core, including planning for an enhanced municipal campus to offer a range of activities and events for both residents and visitors of all ages. To assist in this effort, the Village has commissioned The Lakota Group—an urban planning and landscape architecture consulting firm—to lead a creative planning and visioning process for several Village-owned sites within the center of the community.

The purpose of this planning effort is to establish a community-approved vision and framework for transforming the municipal center area into a high-quality, year-round destination. In addition to providing initial design concepts for a new gathering space, **the Community Campus Plan will focus on key goals of Placemaking, promoting Community Identity & Pride, and fostering Economic Development.**

The Municipal Campus master planning process launched in the fall of 2019 and is expected to be completed in the spring of 2020, with several opportunities for community and stakeholder input provided along the way.

## WE WELCOME YOUR INPUT!

To learn more about the effort and get involved, visit the project webpage at [www.villageofbourbonnais.com/development/community-campus-plan/](http://www.villageofbourbonnais.com/development/community-campus-plan/)
